

# V2T 授權申請與啟用指南 / Getting and activating a V2T licence

本指南供學校與教師使用。 / This guide is for schools and teachers.

## 中文

### 1. 試用

沒有授權的電腦可以先試用 V2T。

- 第一次在連網狀態下啟動時，V2T 會將這台電腦的本機代碼（Machine ID）與電腦名稱傳送至授權伺服器，登記試用。
- 試用期為登記日起 2 個日曆月。重新安裝不會重新開始試用。
- 控制台 **狀態 / Status** 分頁顯示 **試用至 / Trial until** 與結束日期：剩 14 天起變為橘色並顯示剩餘天數，剩 3 天起變為紅色。結束日當天仍可使用，並計為剩 1 天。
- 第一次啟動後 7 天內需連上網際網路一次。在此之前，狀態分頁顯示 **尚未登記 / Not registered yet** 與剩餘天數（第一次啟動當天也計入，所以當天顯示 8 天）。
- 試用只在啟動 V2T 時檢查，上課中不會被中斷。
- 試用結束後，請啟用啟用碼或匯入授權檔；也可來信請我們延長試用，延長後在授權視窗按 **重新檢查 / Check again**，不需重新啟動。

### 2. 申請授權

請來信 [colleta406@gmail.com](mailto:colleta406@gmail.com)（克齊達企業有限公司），並提供：

- 學校或單位名稱（會顯示在程式的授權資訊中）
- 需要安裝的電腦數量
- 希望的授權期間
- 聯絡人姓名、電子郵件，電話可選填

我們會回覆一組**啟用碼**，格式為 V2T-XXXX-XXXX-XXXX-XXXX。一組啟用碼可啟用申請時約定的電腦數量，  
每台電腦使用一個名額。

### 3. 在電腦上啟用（需要網路一次）

1. 安裝並啟動 V2T。試用期間（狀態分頁顯示 **試用至 / Trial until** 與日期）或尚未登記時（顯示 **尚未登記 / Not registered yet**），請到控制台的 **狀態 / Status** 分頁按 **啟用 / Activate**。  
只有在 V2T 無法啟動時，「V2T 授權 / License」視窗才會自行出現。
2. 在 **啟用碼 / Activation code** 輸入收到的啟用碼。
3. 填寫 **姓名** 與 **電子郵件**（電話選填），並閱讀視窗中的個資蒐集告知。
4. 按 **線上啟用 / Activate online**。出現「授權成功」後 V2T 即可使用。

每台電腦都要各自啟用一次，使用同一組啟用碼即可。

### 4. 電腦無法上網時

1. 在授權視窗按 **複製 / Copy**，複製「本機代碼 / Machine ID」。
2. 將本機代碼寄到上述信箱，並註明學校名稱。
3. 收到 `license.json` 後，按 **匯入授權檔 / Import license file...** 選取該檔案。

以授權檔啟用的電腦不會自動續期，到期前請再來信申請新的授權檔。

### 5. 啟用之後

- 授權綁定這一台電腦，升級或重新安裝 V2T 後仍然有效。
- 電腦連上網路時，V2T 大約每週自動向授權伺服器確認一次。離線最多可使用 30 天，之後需連網一次。
- **續約**：來信告知即可。我們延長期限後，電腦下次連網確認時會自動更新，不需重新輸入啟用碼。
- **更換電腦**：來信告知舊電腦（本機代碼顯示在授權視窗中，可由狀態分頁的 **啟用 / Activate** 開啟）。我們釋出名額後，新電腦用同一組啟用碼啟用。
- **增加電腦**：來信申請，我們會另外提供一組啟用碼。

## English

### 1. The trial

A computer without a licence can try V2T first.

- The first time V2T starts while the computer is online, it sends the computer's Machine ID and computer name to the licence server to register the trial.
- The trial lasts 2 calendar months from that registration. Reinstalling does not start a new one.
- The control panel's **狀態 / Status** tab shows **試用至 / Trial until** and the end date: amber with the days left when 14 or fewer are left, red when 3 or fewer are left. The end date itself is still a usable day and counts as 1 day left.

- The computer needs the internet once within 7 days of its first start. Until then the Status tab shows **尚未登記 / Not registered yet** with the days left (the day of the first start is counted too, so it shows 8 on that day).
- The trial is checked only when V2T starts, so a class in progress is never interrupted.
- When the trial ends, activate a code or import a licence file; or write to us to extend the trial, then press **重新檢查 / Check again** in the License window. No restart is needed.

## 2. Apply for a licence

E-mail [colleta406@gmail.com](mailto:colleta406@gmail.com) (克齊達企業有限公司) with:

- the name of your school or organisation (it is shown in the app as the licensee)
- how many computers will run V2T
- the licence period you need
- a contact name and e-mail address; a phone number is optional

You receive an **activation code** of the form `v2t-xxxx-xxxx-xxxx-xxxx` . One code activates the agreed number of computers; each computer uses one seat.

## 3. Activate on the computer (needs the internet once)

1. Install and start V2T. On a trial (the Status tab shows **試用至 / Trial until** and the date) or while not registered yet (it shows **尚未登記 / Not registered yet**), open the control panel's **狀態 / Status** tab and press **啟用 / Activate**. The **V2T 授權 / License** window appears by itself only when V2T cannot start.
2. Type the code into **啟用碼 / Activation code**.
3. Fill in **Name** and **E-mail** (phone is optional) and read the privacy notice in the window.
4. Press **線上啟用 / Activate online**. When "License accepted" appears, V2T is ready.

Activate once on each computer, with the same code.

## 4. A computer with no internet

1. In the License window press **複製 / Copy** to copy the **Machine ID**.
2. E-mail the Machine ID to the address above, with your school's name.
3. When you receive `license.json` , press **匯入授權檔 / Import license file...** and choose it.

A computer licensed by file is not renewed automatically. Ask for a new file before it expires.

## 5. After activation

- The licence belongs to this one computer and survives upgrades and reinstalls of V2T.
- When online, V2T confirms the licence with the server about once a week. It keeps working offline for up to 30 days, then needs one internet connection.
- **Renewal:** write to us. After we extend the date, each computer picks it up at its next online check. You do not enter the code again.
- **Replacing a computer:** tell us which computer is retired (its Machine ID is in the License window, which **啟用 / Activate** on the Status tab opens). We free its seat and the new computer activates with the same code.
- **More computers:** write to us and we send an additional code.

| 此電腦不提供試用 / No trial for this computer                   | This computer was activated before, so it gets no trial; re-activate your school's code or import a licence file                              |
| 電腦日期不符 / This computer's date does not match the server | Correct the computer's date and start V2T again                                                                                               |

## 7. Personal data

The name, e-mail and phone you enter are used only for licence management, support and update notices, and are kept until one year after the licence ends. To correct or delete them, e-mail [colleta406@gmail.com](mailto:colleta406@gmail.com).

Trial registration: the server keeps the Machine ID, the computer name, the registration date, the trial end date and the date of the last contact, for licence management. The record is not deleted, so that reinstalling does not start a second trial; the computer name is cleared one year after the trial ends, or sooner on request by e-mail to [colleta406@gmail.com](mailto:colleta406@gmail.com). A computer that holds an activated or imported licence is not registered for a trial. The **隱私說明 / Privacy note** button on the control panel's Status tab shows this note at any time.
